

Outline of Training Exercises in Fukui prefecture (1/4)

1. Date and time

November 27, 2005 (Sun.)

2. Organizer

Cabinet Secretariat, Fukui prefectural government, Mihama Town, and Tsuruga City

3. Assumption

The Mihama Nuclear Power Plant of the Kansai Electric Power Co., Inc. has been attacked by a terrorist group. Part of this facility is damaged, which may cause a leak of radioactive material.

4. Major exercise sites

- (1) Emergency Response On-site Headquarters (the national government, Fukui prefectural government, Mihama Town, and Tsuruga City)
Fukui Mihama Nuclear Disaster Prevention Center and Fukui Tsuruga Nuclear Disaster Prevention Center (Logistic support)
- (2) Fukui Emergency Response Headquarters
Fukui prefectural government
- (3) Mihama Town Emergency Response Headquarters
Mihama Town Office
- (4) Areas requiring evacuation
Nyu district, Takenami district, and Sugahama district in Mihama Town
Nishiura district in Tsuruga City
- (5) Evacuation center, rescue center
Mihama Town health and welfare center "Haatopia"

5. Major exercises

- (1) Exercise to establish the Emergency Response On-site Headquarters
National, prefectural and municipal on-site headquarters were established and operated at the Off-site Center (Mihama Nuclear Disaster-Prevention Center). Joint councils, etc. were operated with cooperation among related organizations.
- (2) Exercise to establish Emergency Response Headquarters, etc.
The Emergency Response Headquarters were established by the Fukui prefectural government and municipalities. Various meetings were held and evacuation directives given.
- (3) Evacuation drill for local residents
Based on evacuation directives and evacuation procedures compiled at the Mihama Town On-site Headquarters and Tsuruga City On-site Headquarters, the fire service, the Self-Defense Force, the Prefectural Police and the Japan Coast Guard conducted an evacuation drill for residents of areas requiring evacuation.
- (4) Rescue drill for evacuated residents
An evacuation center was established, and emergency medical care for radiation exposure provided. Information about the well-being of residents was collected and a report made to the national government.

Outline of Training Exercises in Fukui prefecture (2/4)

(5) Disaster response drill

Hazardous areas were designated and emergency monitoring, etc. implemented.
