

# Outline of Training Exercises in Tottori prefecture

## 1. Date and time

August 9, 2006 (Wed.) 11:00 - 15:30

## 2. Exercise sites

Tottori prefectural government and West Tottori General Office

## 3. Assumption

A chemical agent bombing incident by an unidentified armed group has occurred at a sports facility where many local citizens gathered for an event. There are many casualties. The fleeing armed group has locked themselves in a public facility, threatening to release large amounts of chemical agents they hold. Deliberations are to be conducted on emergency civil protection measures.

## 4. Major exercises

### 1. Initial response steps following terrorist attack

Confirming procedures for initial steps to be taken by the Tottori prefectural government before the situation is fully grasped, such as receiving the first report, establishing a prefectural system to handle the incident, and dispatching emergency staff to the site, and so forth

### 2. Establishment of Tottori Emergency Response (On-site) Headquarters

Giving evacuation directives, conducting deliberations on civil protection measures including rescue, collecting and providing information among related organizations, and notifying local citizens of directives

### 3. Cooperative activities with related organizations and requests for cooperation

Requesting dispatch of SDF troops and other wide-area assistance groups
